**DETAILED ACTION**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Kucler on November 13, 2006.

The application has been amended as follows:

- a. For claim 11, lines 12-13, replace "the master video image" by -- a master video image --.
- b. For claim 13, line 11, replace "the master video image" by -- a master video image --.

***Allowable Subject Matter***

2. Claims 1, 2 and 4-16 allowed.
3. The following is an examiner's statement of reasons for allowance:

Applicants' arguments filed on 9/28/06 has been fully considered and they are persuasive.

Referring to new claims 1, 7, 11 and 13, the applicant argues the combination of Paff reference and Jain reference does not render the claims obvious (See Applicants' REMARKS pages 11-13). The examiner agrees.

The prior art does not teach or fairly suggest a video imaging system or method for recording the video images produced by the master camera and the additional camera; and a user interface for selecting particular ones of the video images for display, wherein said user interface includes a single control device which is adapted to select successive video images from a plurality of additional cameras, each successive one of said plurality of additional cameras being adjacent to a preceding camera, in order to effectuate a partial rotation around the object of interest in the display by moving through said plurality of adjacent additional camera images, such that the size of the object of interest remains generally equal throughout the rotation through successive adjacent additional camera images.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
